Exhibit 99.1

**Acorn International Reports First Quarter 2020 Financial Results**

SHANGHAI, April 30, 2020 — Acorn International, Inc. (NYSE: ATV) (“Acorn” or the “Company”), a leading marketing and branding company in China, today announced its preliminary unaudited financial results for the quarter ended March 31, 2020.

**First Quarter Estimated Results Highlights**

- Net revenues decreased 7.2% year-over-year in Q1 2020 to US\$8.0 million.
- Gross profit decreased 12.3% year-over-year in Q1 2020 to US\$5.5 million.
- Gross margin was 68.8% in Q1 2020, compared to 72.8% in Q1 2019.
- Loss from continuing operations was US\$0.3 million in Q1 2020, compared to income from continuing operations of US\$0.6 million in Q1 2019.
- Net income was US\$2.7 million in Q1 2020 as compared to net income of US\$4.8 million in Q1 2019. In Q1 2020, the Company recorded a \$3.0 million gain from the sale of shares of E-Money Holding Co., Ltd. (“E-Money”) (formerly known as Shanghai Yimeng Software Technology Co., Ltd.). The year-ago period includes a US\$3.8 million gain on the sale of the Company’s former principal office in Shanghai to a third party.

“Our results for the first quarter of 2020 reflect the impact of the COVID-19 crisis on our business. As previously disclosed, although we have seen some increased demand for certain products as more Chinese consumers are shopping from home, we have also experienced some demand reduction, supply-side disruption and delivery challenges caused by COVID-19,” said Mr. Jacob A. Fisch, CEO and President of Acorn International.

**Preliminary Financial Results for the First Quarter of 2020:**

Total net revenues were US\$8.0 million in the first quarter of 2020, down 7.2% from US\$8.7 million in the first quarter of 2019, primarily due to the impact of COVID-19 as well as lower revenues of oxygen-generating products related primarily to the sale of the Company’s subsidiary Zhuhai Acorn Electronic Technology Co., Ltd.

Cost of sales in the first quarter of 2020 was US\$2.5 million, up 6.5% from US\$2.4 million in the first quarter of 2019. The increase was primarily attributable to the inclusion of Acorn Digital Services in revenues and cost of sales in the first quarter of 2020 (in the year ago period, this business segment was included in other operating income), and a higher proportion of Acorn Fresh products, which have a slightly lower margin than Babaka branded products, in the product mix.

Gross profit in the first quarter of 2020 was US\$5.5 million, down 12.3% from US\$6.3 million in the first quarter of 2019. Gross margin was 68.8% in the first quarter of 2020, compared with 72.8% in the first quarter of 2019.

Total operating expenses in the first quarter of 2020 were US\$5.8 million, up 0.9% from US\$5.7 million in the first quarter of 2019.

Loss from continuing operations was US\$0.3 million in the first quarter of 2020, as compared to income from continuing operations of US\$0.6 million in the first quarter of 2019.

Other income was US\$3.0 million in the first quarter of 2020, primarily due to a US\$3.0 million gain from the sale of shares of E-Money. The year-ago period includes a US\$3.8 million gain on the sale of the Company's former principal office in Shanghai to a third party.

Net income from continuing operations was US\$2.8 million in the first quarter of 2020. This compares to net income from continuing operations of US\$4.9 million in the first quarter of 2019. Net loss from discontinued operations, which reflects the sale of a majority stake in the Company's HJX electronic learning products business to a third-party investor and operator in 2017 as well as the Company's call center operations which were discontinued in the third quarter of 2019 (refer to "Discontinued Operations" discussion below), was US\$28 thousand in the first quarter of 2020, compared to net loss from discontinued operations of US\$0.1 million in the first quarter of 2019.

Net income attributable to Acorn was US\$2.7 million in the first quarter of 2020. This compares to net income attributable to Acorn of US\$4.8 million in the first quarter of 2019.

As of March 31, 2020, Acorn's estimated cash and cash equivalents, with restricted cash, totaled US\$13.9 million. This compares to cash and equivalents, with restricted cash, of US\$13.5 million as of December 31, 2019.

### **Discontinued Operations**

In 2017, Acorn reached an agreement to sell a majority stake in its HJX electronic learning products business ("HJX Business") to a third-party investor and operator, allowing the Company to focus on its core business. Acorn maintains a 37.5% stake in a joint venture established with this third party. As a result of this transaction, the Company is required by applicable accounting rules to treat the historical operations of the wholly-owned HJX Business as discontinued operations and the minority stake in the HJX Business as equity in losses of affiliates in the consolidated statements of operations for all periods presented, subject to the consolidation of the HJX Business into the joint venture entity.

In the third quarter of 2019, the Company completed closing of its call center in Wuxi, China. As a result, the Company is required by applicable accounting rules to treat the historical operations of the call center as discontinued operations for all periods presented.
